Whole House Audio  
Security & Surveillance

## Package II

### WHOLE HOUSE AUDIO

The IntelliControl ICS whole-house audio system enables family members to enjoy all of today's popular music sources in multiple rooms simultaneously. The system accommodates the latest digital sources, including MP3 players and satellite radio along with CD players and broadcast radio.

### HOME THEATER

Watch your favorite movies on your wall-mounted 50" Plasma HDTV. With super rich color and stunning detail, your favorite television shows and movies will never look the same again.

### SECURITY & SURVEILLANCE

Virtually unnoticeable security cameras protect your property while you are away. The system provides other conveniences such as monitoring your children in the play room, the ability to check who is at the door right on your TV and more.
